### **Built for the future – Witzenmann-Kita celebrates anniversary**

*10 years ago, Witzenmann GmbH opened the Ruth-Witzenmann-Haus in cooperation with the local Caritas Association. The former senior manager Ruth Witzenmann had been strongly committed to the establishment of the childcare center and supported the construction of the modern building with a generous donation.*

### **Family business in two senses**

Balancing career and family is a little easier at Witzenmann than in other companies. For ten years, the company's own childcare center has been looking after the offspring in the Ruth-Witzenmann-Haus. The modern daycare center is located on a child-friendly garden in the immediate vicinity of the company premises. This ensures short distances and the good feeling of always having the little ones nearby. From time to time, the older children come to visit the factory canteen and take their lunch together with the adults.

### **In cooperation with Caritas**

Children between the ages of 9 weeks and 6 years can be cared for in the Witzenmann Kita. This has been ensured competently and lovingly by the local Caritas since the beginning. A total of 25 places in two groups are available. The places are in demand, because parents are returning to work earlier and earlier and the number of working women is steadily increasing. This speaks for the job, but also for the good care of the little ones.

### **New working environments**

"We have high demands on our employees and are willing to give a lot. It is particularly important to us to enable the compatibility of work and family - especially with different shift models," assures Christine Wüst, Managing Director CHRO, responsible for Human Resources, Marketing and Sustainability.

The entire work environment is changing. In order to meet the growing demands, Witzenmann is committed to everyone in the workforce.
